

2026 National Taiwan University–Nagasaki University
Medical Joint Symposium
Co-Creating Precision and Sustainable Medicine for Global and Cross-Border
Health Challenges

Day1: April 23

Time	Agenda
13:40-17:20	Co-Creating Precision and Sustainable Medicine for Global and Cross-Border Health Challenges <i>Venue: NTU College of Medicine @ Lecture Hall 202 (202 講堂)</i>
13:40-13:50	Opening Address & Gift Exchange NTU: Dean Ming-Shiang Wu NTU Hospital: Superintendent Chong-Jen Yu NU: President Takeshi Nagayasu
13:50-14:00	Special Lecture by NTU, Dean Ming-Shiang Wu Title: From Germ Theory To Germ Therapy
14:00-14:10	Special Lecture by NU, President Takeshi Nagayasu Title: Nagasaki University ~ Challenge to Planetary Health ~
Session I Moderator: NTU: Prof. Yen-Hsuan Ni/ NU: Prof. Tsuyoshi Inoue	
14:10-14:35	NTU: Prof. Jin-Shing Chen Title: Advancing Novel Techniques in Lung Cancer Surgery
14:35-15:00	NU: Prof. Keitaro Matsumoto Title: Regenerative Medicine and Lung Cancer Research in the Respiratory Field
15:00 -15:25	NTU: Prof. Hsao-Hsun Hsu Title: Basic Research and Clinical Applications of Cryopreserved Aortic Allografts: The NTUH Experience
14:25 -15:50	NU: Prof. Kazuya Kashiya Title: Plastic Surgery in Regional Japan: The University Hospital's Role in Nagasaki's Diverse Healthcare Landscape
15:50-16:15	Coffee Break
Session II Moderator: NTU: Prof. Jin-Shing Chen/ NU: Prof. Tsuyoshi Inoue	
16:15 -16:40	NTU: Prof. Mong-Wei Lin Title: The NTU Experience in Lung Cancer Surgery: Translational Research and Novel Surgical Strategies
16:40 -17:05	NU: Prof. Katsunori Yanagihara Title: Advancing Infectious Disease Testing through AI and Automation
17:05-17:20	Group Discussion for Potential Collaboration
17:20-18:00	Moving to the Dinner Restaurant
18:00-20:00	Dinner (By Invitation)

2026 National Taiwan University–Nagasaki University
Medical Joint Symposium
Co-Creating Precision and Sustainable Medicine for Global and Cross-Border
Health Challenges

Day2: April 24

Time	Agenda
9:00-12:00	Co-Creating Precision and Sustainable Medicine for Global and Cross-Border Health Challenges <i>Venue: NTU College of Medicine @ Lecture Hall 202(202 講堂)</i>
Session III	
Moderator: NTU: Prof. Kuan-Yu Hung / NU: Prof. Keitaro Matsumoto	
9:00 -9:25	NTU: Assoc. Prof. Chia-Ter Chao Title: Vascular Calcification: Bridging Biomarkers, Treatments, to Gero-Nephrology Phenomes
9:25 -9:50	NU: Lecture, Mineaki Kitamura Title: Infection-Related Nephritis: Diagnostic Pitfalls and Pathologic Mimics
9:50-10:15	NTU: Asst. Prof. Ping-Min Chen Title: From Immune Suppression to Spatial Precision: Redefining Glomerulonephritis Therapy through Immunologic and Spatial Transcriptomic Insights
10:15-10:40	NU: Asst. Prof. Chia-Hsien Wu Title: Single-cell Mapping of a Dengue Infection Model Uncovers the Mechanism of ADE Severity
10:40-11:00	Coffee Break
Session IV	
Moderator: NTU: Prof. Nai-Chen Cheng / NU: Prof. Keitaro Matsumoto	
11:00-11:25	NTU: Prof. Kuan-Yu Hung Title: Next-Generation Nephrology: Architecting a Multidisciplinary Ecosystem for ADPKD
11:25-11:50	NU: Prof. Tsuyoshi Inoue Title: Potential for Treatment of Kidney Disease Through Vagus Nerve–Mediated Autonomic Regulation
Closing Ceremony	
11:50-12:00	NTU: Dean Ming-Shiang Wu NU: Prof. Kazuya Ikematsu
12:00-13:30	Luncheon (By Invitation)
